NAICS Codes 01

IT & SOFTWARE ENGINEERING

541511	Custom Computer Programming Services
541512	Computer Systems Design Services
541513	Computer Facilities Management
541519	Other Computer Related Services

CONSULTING & PROCUREMENT

541611	Admin & General Management Consulting
423430	Computer & Software Merchant Wholesaler

Capability Statement 02

VishTek is a U.S.-based, ISO/IEC 27001 certified Technology firm specializing in modernization, cloud, and compliance solutions. We deliver secure, scalable, and cost-effective technology outcomes through a team known for technical excellence, responsiveness, and reliability.

Listening like a startup.
Delivering like an enterprise!

Recent Success Stories

01 State of Maryland (DoIT) – Enterprise ServiceNow IRM/GRC Modernization

Led the technical deployment and optimization of ServiceNow Integrated Risk Management (IRM/GRC) modules, streamlining state-wide risk governance, compliance automation, and cross-agency workflow reporting.

02 Full-Lifecycle Software Engineering & System Modernization

Delivered modern web applications, legacy system refactoring, open-source migrations, and modern UI/UX design featuring automated testing pipelines, API integrations, and secure cloud/on-prem architectures.

03 Enterprise Cybersecurity & Hybrid Infrastructure Deployment

Architected and implemented secure hybrid (cloud and on-premises) network infrastructures, integrating enterprise threat protection platforms (CrowdStrike, DarkTrace) to enforce zero-trust security and continuous monitoring across multi-site environments.

Differentiators

- **Compliance-First Security:** Deep alignment with NIST, CMMC, and ISO 27001 frameworks ensuring zero-trust governance across all software and infrastructure deliverables.
- **Turnkey Engineering & Sourcing:** End-to-end integration combining custom software modernization, UI/UX design, and Tier-1 VAR hardware procurement under a single contract vehicle.
- **AI-Accelerated Delivery:** Integration of secure, human-in-the-loop AI and DevSecOps automation to shrink modernization timelines and eliminate legacy technical debt.
- **Agile & Cost-Efficient:** Lean, senior-level engineering structure that accelerates project velocity while minimizing administrative overhead and total contract cost.
- **Socioeconomic Agility:** Certified WOSB & MBE partner providing flexible prime, subcontracting, and joint-venture teaming capabilities for federal and state set-asides.

Expertise

Custom Software Engineering & Modernization

541511 · 541512

Full-lifecycle software development, legacy system refactoring, API integration, custom web applications, and modern GUI design.

AI & Intelligent Automation 541511 · 541519 · 541690

DevSecOps pipeline automation, AI-assisted code analysis, predictive analytics, and secure, human-in-the-loop machine learning workflows.

Technology Consulting & Digital Strategy

541611 · 541618

Strategic advisory, IT portfolio roadmaps, enterprise architecture, cybersecurity compliance, and agency mission alignment.

Managed IT Operations & Infrastructure

541513 · 541519

Hybrid cloud administration, high-availability server operations, proactive patch management, and 24/7 SLA-backed uptime optimization.

Hardware Sourcing & VAR Solutions 423430 · 423690

Authorized Value-Added Reseller for leading OEMs (Dell, HP, Lenovo, Cisco, Microsoft) backed by Tier-1 distribution (Ingram Micro, TD SYNNEX, D&H) for enterprise compute, storage, networking, and custom pre-deployment staging.
